

My REALTOR® Party

“My REALTOR® Party” is the gateway for each and every REALTOR® Association in America to design your own package of community involvement and political leadership programs. Just as every market is different, so is every REALTOR® Association.

Your “My REALTOR® Party” package can be as simple or as comprehensive as you like. By accessing any number of the tools, funds and turn-key implementation services offered through My REALTOR® Party, you can custom build the community outreach and advocacy package that best fits your association’s unique needs.

RealtorParty.realtor

RealtorParty.realtor (<http://www.realtorparty.realtor>) is a grassroots online communications system that allows REALTORS® to stay abreast of NAR's lobbying agenda and involved in public policy issues critical to the real estate industry. The web-based system targets NAR Calls for Action, provides systematic communications with NAR grassroots activists and gives REALTORS® an option to email, fax or call their members of Congress for *free*, directly from their computer. Actions taken by REALTORS® through this web site are tracked in real time and can be viewed by specific Call for Action, by congressional district or state or by individual REALTOR®.

Log on to <http://www.realtorparty.realtor>. You will be asked to register. Simply enter your name, address (be sure this is your HOME address), email address and other contact data. The system is designed to automatically match you with your members of Congress. Next, select the types of information which you are most interested in. Once you have registered on the system, you will be enabled to use the system at once to respond to a Call for Action, check a priority legislative status or access the Congressional Directory. (Note: Once you have responded to a Call for Action, this option will be removed to avoid confusion.)
