

New Hampshire Association of REALTORS®

Leadership Training Opportunities

NHAR offers training programs throughout the course of the year to assist local associations in developing their current and future volunteer leaders. Additionally, NHAR and NAR conduct annual orientation programs for association executives and volunteer leaders. The following describes the available programs:

Leader Development Programs

NHAR Leadership Symposium

This is an intensive 2-day leadership skills program that provides participants with a clear and straightforward summary of the essential information needed for leaders to perform effectively in this complex and challenging role. This program is an easily accessible resource for volunteers who have never received leadership training, as well as an outstanding refresher for those with previous leadership training.

The symposium is offered by NHAR at the White Mountain Hotel facility, usually held in April. Because this program is subsidized by NHAR, the individual fee, which includes two nights lodging and six meals is only \$300. This program is presented by Bill Weidacher, who has twice served as NHAR President. Spaces are allocated for two participants from each Local Board and one State leader; registration sheets are forwarded to the AEs at each Board at the beginning of each year.

NHAR Leadership Conference

This annual one-day event, usually held in December or January, is hosted by the incoming NHAR president. This event brings those leaders identified as NHAR Directors for the coming year, as well as association executives, together to discuss efficient and effective ways to address the challenges that the state and local association leaders will be facing in the coming year.

NAR RLP 200 & 300

The REALTOR® Leadership Program (RLP) is designed to produce quality REALTOR® leaders that are equipped with the skills and knowledge necessary to lead local and state associations.

NAR Leadership Summit

This 2-day program, presented by NAR, is held in Chicago in August. This is available only to the Local and State Associations' incoming Presidents and their AEs. NAR covers the cost of the room and the program; travel and incidentals are at the expense of the Board.

NHAR Leadership Academy Program

Conducted over a period of 7 months, the Leadership Academy Program, instituted in 2016, is specifically designed to train a limited number of members relative to leadership roles at the State level. It is intended to be an on-going program to develop a pool of potential future leaders within the Association. This program will be offered in 2021.
